Under the Lilacs.

Under the lilacs, silver and grey,
Under the blossoms, pink and sweet,
Under the lilacs, with blush of pink,
Dressed fair Marguerite.
Under the lilacs, in dense perfume,
They kissed and vowed by the flowers above,
And the silver sickle was cupid's bow,
While their dream of life was love.
Under the lilacs they stand and part,
(Over their grave), they dug it well,
The lilacs die and their petals fall
Who shall come after, who can tell?

"Der Gas Craze."

Gas! gas! gas! gas!
All dot man hoses for,
All dot in line,
Is now devoted
To putting for gas.
Go down mit der street corner
Und listen von vilo,
Der dats dat you hear dare
Would make von dog shunle.
Kloose crowded together,
Like monks at der mass,
Der loafers are standing
Und talking mit gas.
Deep in at der window
Und look all eround,
In der store round der corner,
Der can't keep it out,
Der gas vill crawl in at every crack,
For there der is vund dot gas vill come back.
Und all dot you're tolt
Is dat "if we strike gas,
I'll be petter as gold."
Far out mit der country,
In eddy town,
Dot craze vill knock
Der electric light down.
But many der corner, where loafers abound,
Und many a place, where gas was once found,
Vill be silent und empty der after petors,
Should dot gas well turn out to be only a bore.
Edinburg, April 20. —[M. E. Pate.]

The alarm of fire on Sunday afternoon was occasioned by the accidental igniting of bed-clothing at the residence of Mrs. H. Evans, on Lewis street. It was extinguished without any material damage.

Bourbon county is tired of being coquetted with on the railroad question, and is thoroughly aroused and ready to co-operate with us in the building of the F. G. & P. railroad. A mass meeting has been called to assemble in Paris to-day, and Judge Lindsay, the President of the railroad, has been invited to be present and address

the meeting, which he has consented to do. The times are ripe for action, and let there be action. ACTION, ACTION, all along the line. It is marvelous what can be achieved when a people are determined to accomplish anything.

Mrs Rhoda McIlvain, daughter of the late Governor Thos. P. Metcalfe and sister of Col. Lon. Metcalfe and Mrs. Keturah Milward, died at her home in Nicholas county on Monday last, aged seventy-eight. She was a most estimable lady, and had been a great sufferer, having been confined to bed for fifty years, the result of imprudence at confinement. She was the mother of four children, two by each husband, having been twice married, her first husband being a Mr. Stofer, who only lived a few years, leaving her a widow with two children before she was 25 years of age.

At the morning service at the Christian Church on Sunday, the congregation instructed the Clerk of the Church, by a unanimous vote, to open correspondence with Rev. George Darsie for the purpose of ascertaining whether he would accept a call to resume the charge of that Church at the expiration of his year in Boston. Our entire community would be delighted should his answer prove favorable.

Capt. David A. Murphy, formerly Superintendent of the Government Building in this city, and editor and publisher of the Danville Tribune, has commenced the publication of a new Republican paper at Findlay, Ohio, bearing the name of the Findlay Tribune.

Installation of Officers.

At the regular meeting of Canton Wildey, No. 6, which was held on May 12th, Past Commander Geo. W. Reock installed the elective officers in their respective positions in grand style. All chevaliers present enjoyed the ceremony, though it is the first installation of its officers Canton Wildey has ever experienced, as it is a new branch of Odd Fellowship, it being the highest degree now in existence.

The public school building and surroundings are looking very handsome since the fences have been whitewashed. The school trustees are showing commendable zeal in doing all in their power to make the place attractive. The plank walk in front should be reconstructed, as it has become rather unsafe for children and citizens who are compelled to travel that way. If the Board of Councilmen will have a new walk made there, the little folks and their parents will be grateful.

The School Trustees are authorized by law to provide a course of study for the public school, and the teachers are required to teach the several branches included in it. The trustees alone have the right to decide what shall or shall not be taught in that institution. Should a parent object to any particular study embraced in the course, he should apply to the trustees and ask to have his children excused, giving his reasons therefor in writing. If the trustees refuse to grant his request, it is then optional with him whether he will yield to the requirement or with

draw his children from the school. So far as is known, this rule governs in every public graded school in the country, and it is believed that the experience of more than half a century has shown it to be a good one, and absolutely necessary to the success of the system.

Mr. Albert Heintz and Miss Gussie Klair, of this city, were married at St. Paul's Church, in Lexington, at 6 o'clock Wednesday morning, by Rev. Father Brossart. Immediately after the ceremony the happy young couple left on a bridal trip to Cincinnati, and will return to this city this afternoon, where they will take rooms at Mr. J. Weitzel, jr's. The many friends of the young couple in this city extend their best wishes and congratulate Albert on his good fortune in securing so valuable a prize.

As usual, the U. S. Attorney has given orders that there shall be no jury trials at the June term of the United States Court to be held in this city. The flimsy excuse put in is that the jury fund is exhausted; but he overlooked the patent fact that the Covington term was held and the jurors, &c., received certificates for their fees. There should be some way in which these officers should be compelled to obey the law, and not enact a farce every time this court is held.

Col. Richard C. Wintersmith was appointed on Wednesday, by the President, as Fraudulent Land Entry Agent. His many old friends in this city, his former home, will rejoice to note this.

Nobody Doubts it in Palatka.

One of our young merchants given the following testimony: "One of my customers, at the age of fifteen had a severe attack of rheumatism. His father had to lift him about. He was in bed for six weeks. I sold him a dozen bottles of S. S. S. which entirely cured him. I regard S. S. S. as very potent in rheumatism." Yours truly,
J. H. JOHNSON.

A Little Memorandum.

After I had rheumatism for years in my right hip, I tried S. S. S. It at once built up my health, the rheumatic pains were all, and finally disappeared entirely. I regard it as the best possible remedy, and it never fails to bring my system up to the best condition when run down by sickness or overwork. I have come to regard S. S. S. as necessary household medicine.

LOUIS WEITZEL, SR.

The Paris, Georgetown & Frankfort Railroad.

The Frankfort Board of Trade met at the Opera House on Thursday and appointed Colonels John L. Scott and Grant Green a committee to wait upon Judge Thompson and ask him to call the magistrates together at an early day to submit the railroad company's proposition for a subscription of \$150,000 to the voters of Franklin county. The committee saw Judge Thompson, and in a few minutes returned and reported to the Board of Trade that Judge Thompson had agreed to have the magistrates meet next Saturday.

It has been understood on all hands that the railroad's proposition will be so framed and worded as to provide, in substance, that no taxes shall be levied or collected, and no bonds issued until the road is complete and in running order from Frankfort to Georgetown, and that none of the money voted by the people shall ever be applied to the payment of any old debts or demands that may exist on any account against the company, and that the counties that vote the money to build the road shall remain the owners and controllers of the entire concern, and that it shall never be sold or leased or encumbered without the consent of the counties that furnish the money to build it.

These safe-guards must be so plainly inserted in the proposition that no open questions of doubt will exist, and the effect will be the same as if the whole enterprise was started under a new charter, with no old claims hanging over the company to embarrass its progress.

With such safe-guards as these inserted in the call, the magistrates should not hesitate to submit the proposition to the voters, and the voters should not, and we believe will not, hesitate in voting the subscription and thus give Frankfort and Franklin county a boom such as she has never had before, and in this new year of Frankfort's second century she will yet step proudly forward and take the front rank in the march of progress.

Our people should act together as one man in this great enterprise like they did in celebrating their centennial last October, when by their united and enthusiastic action they challenged the admiration of the entire State. Now for a strong pull, a united pull altogether like the grand centennial movement, and a similar success awaits the noble efforts of a united people.

The Grand Commandery of Knights Templar of Kentucky met in Annual Conclave at Danville, on Wednesday morning last. Representatives were present from twenty-three commanderies. The Grand Officers were present, and report this grand order in a flourishing condition.

An exhibition drill was given by DeMolay Commandery, No. 12, of Louisville, which was much admired by all present.

The Grand Commandery was very handsomely entertained by Ryan Commandery, No. 17, of Danville.

The address of welcome was made by Sir Knight Rev. Green Clay Smith, in a very neat speech, which was responded to by Right

Eminent Commander, John S. Lyle, of Covington.

The Grand Commandery elected the following officers, on Thursday evening, after which it adjourned to meet in Maysville next year: Grand Commander—Henry G. Sandifer, Danville.

Deputy Grand Commander—Horace January, Maysville. Generalissimo—John G. Montgomery, Cynthiaina.

Captain General—W. H. McFert, Louisville.

Grand Prelate—Jno. W. Pruett, Frankfort.

Senior Warden—Chas. H. Fisk, Covington.

Junior Warden—T. J. Flournoy, Paducah.

Treasurer—David P. Robb, Versailles.

Recorder—L. D. Croninger, Covington.

Standard Bearer—S. H. Stone, Richmond.

Warder—C. F. Hill, Louisville.

Captain of the Guard—Eugene Robinson, Maysville.

The lecture by Dr. Sam. E. James last Tuesday afternoon, to the teachers of the public school, on the "Circulation of the Blood," was one of the very best of the series. Every important matter embraced in that topic was ably explained, and clearly illustrated by drawings on the blackboard. At the close many questions concerning the nicer points, not made plain in the text books, were asked by the teachers, and answered by him in the most satisfactory manner. Last Thursday morning, he gave to the pupils of the Higher Department an exceedingly interesting talk on the "purpose, sources and classes of food; the general plan, processes and hygiene of digestion; and the general plan, purposes, organs and hygiene of circulation." Dr. James is an accomplished physician, and is doing much for the youth of our city by teaching them the nature and structure of their bodies, and how to take care of them.

The English Government has refused to permit the Gate City Guards, of Atlanta, Georgia, to enter England on their proposed European tour, unless they will lay aside their arms and uniforms, whereat ye valiant Gate Cityers are waxing very wroth, and are raising their voices for "wah, sah."

Thursday was a festival occasion in the Catholic Church. Bishop Maes, of Covington, was here and held service in the Church of the Good Shepherd, afterwards confirming a class of about thirty-five.

Messrs. LeCompte and Carpenter are first-class gentlemen as well as first-class druggists, and the people on the South Side all know it, and that accounts for their doing such a good business.

Beginning to-morrow a Sunday train will run between this city and Louisville, leaving this city at 7:30 a. m., and returning leaves Louisville at 5:40 p. m.

Attention is called to the advertisement of Mr. L. Weitzel, sr., offering a cottage for rent.

Religious.

Quarterly meeting services at the Methodist Church to-day at 11 a. m. and to-morrow at 11 a. m. and 7:45 p. m. Dr. W. T. Poynter, of Shelbyville will occupy the pulpit to-morrow morning and evening.

Rev. Dr. Bagby will preach in the First Presbyterian Church to-morrow morning at 11 o'clock. There will be no service at night, owing to the absence of Dr. Blaney, who is attending the General Assembly now in session at Omaha.

There is a deep and powerful work of grace being developed in the meeting which is now in progress at the Baptist Church.

A large number have made profession of their faith in Christ and united with the church, under the plain, powerful and affectionate appeals of Dr. Wharton, so cordially backed up as he is by the prayers and sympathy of the Christian people of all denominations.

The large audience room of the church is packed with crowds of solemnly attentive and appreciative listeners, who are charmed by the persuasive arguments of the preacher, and no less so by the sweet notes of that "sweet singer of Israel," Rev. A. C. Williamson, who is assisting in the services.

Services are held every morning at 10½ o'clock, and evening at 7:45.

All are cordially invited to be present.

Attention G. W. Monroe Post, No. 44, G. A. R.

You are hereby notified to meet at your Hall on Monday, May 30th, 1887, at 9 o'clock, a. m., to assist in decorating the graves of the Union soldiers, in obedience to the orders of the Grand Commander. All soldiers who wish to turn out with us are cordially invited to be present.

By order of BENJAMIN FIELDS, Commander.

Lee Sheets, a brakeman on the L. & N. Railroad, at the yard in this city, was pretty badly mangled in his right arm, on Thursday when attempting to uncouple two freight cars, one of which had the draw-head broken and was chained up to the other. Dr. Phytian dressed his wounds and he is doing well.

Gen. R. T. P. Allen, proprietor of the Kentucky Military Institute, advertises in our paper of to-day for summer boarders at that far famed establishment. Those wishing a comfortable home during the hot weather, can find just what they want and at reasonable rates at the K. M. I.

Rev. Dr. John M. Worrall, of New York City, but formerly of Covington, Ky., has been elected President of Centre College, at Danville. This will be good news to the many friends of that old and honored institution.

Mrs. Gen. U. S. Grant has been very ill, at her home in New York City, with diphtheria. The crisis is passed now, it is hoped, and she is in a fair way to recover, although very weak.

The Hermitage Distillery will make the last mash of the season on Tuesday, and will close down on Saturday next.

The Effects of Mental Exhaustion.
Many diseases, especially those of the nervous system, are the products of daily renewed mental exhaustion. Business avocations often involve an amount of mental wear and tear very prejudicial to physical health, and the professions, if untidiously pursued, are no less destructive to brain and nerve tissue. It is one of the most important attributes of Hostetter's Stomach Bitters, that it compensates for this undue loss of energy, and that it imparts new energy to the brain and nerves. The rapidity with which it renews weakened mental energy and physical vitality is remarkable, and shows that its invigorating properties are of the highest order. Besides, increasing vital stamina, and counteracting the effects of mental exhaustion, this potent medicine cures and prevents fever and ague, rheumatism, and constipation, and constipation, kidney and uterine weakness and other complaints. Physicians also commend it as a medicinal stimulant and remedy.

A Grand Record.

We call your attention to the advertisement of a remedy which has stood the test of more than a half century with increasing popularity and is universally admitted to have no equal as a remedy for the cure of diseases originating in a disordered Liver, such as Dyspepsia, Biliousness, Constipation, Headache, Colic, etc. Simmons Liver Regulator is simple and harmless, purely vegetable, and can be safely and advantageously used under any circumstances. It acts mildly and effectually, and is especially valuable as a Family Medicine, which position it holds in so many homes. We do not know another preparation which can bring forward such endorsements from heads of families and those holding the highest official and social positions. Keep Simmons Liver Regulator in your house, it will reduce your doctor's bill and insure for your families health and happiness.

It seems strange, but it is nevertheless true, that the advertisement of people who will try to imitate, counterfeit or substitute something else for a genuine, meritorious article, even to the extent of making a spurious medicine, rising to the level of health, and it behooves every one to look that they buy only the Genuine. Zeilin & Co. have used the precaution to put on the front of each wrapper their trade-mark of a curved Z entwined around the mortar, and on the side the signature of J. H. Zeilin & Co. Frauds should always be denounced and the true remedies only upheld. 32-1m.

Ex. Gov. A. H. Stephens' Cousin.

I am first cousin of the late Ex-Governor Alexander H. Stephens, and have been postal clerk on different railroads since 1868. For ten years I have been a sufferer from a cancer on my face, which grew worse until the discharge of matter became profuse and very offensive. I became thoroughly disgusted with blood purifiers and pronounced them humbugs, as I had tried many without relief.

Finally I was induced to use B. B. B., which was about the 1st of February, and continuing its use until the latter part of April. The offensive discharge decreased at once and the hardness around the cancer disappeared. It improved my general health and I rapidly gained flesh and strength. The discharge gradually decreased and the cancer became less and less in size until nothing remains except a scar to tell the tale of a once dangerous cancer. All who have seen me since I have commenced the use of B. B. B. bear testimony of my great improvement, and the scar on my face shows that it cured the cancer. I find that B. B. B. comes squarely up to what it is recommended and I cannot say too much in praise of this wonderful medicine. I have tried them all, but B. B. B. stands at the top as a blood purifier.

The above is copied from the Athens (Ga.) Banner-Hatchman, being the voluntary language of Mr. James A. Greer, which editor Gantt indorses:

"Mr. Greer is an honest, upright citizen, of Athens, who had a bad cancer, and his numerous friends thought that he could not live long, as the cancer was gradually sapping the foundation of his constitution, but now looks well and hearty."

2 Against 18.

Several physicians have pronounced my disease blood poison, caused by paint or lead in the paint, but they could not cure me. Last Summer I used eighteen bottles of a largely advertised blood medicine, which did me no more good than so much water.

I have used only two bottles of B. B. B. and am proud to say that I have received greater benefit from them than from the eighteen, and am now rapidly recovering. There is no question about the superiority of B. B. B. over all blood remedies.

W. H. Woods, 215 Reynolds street, Augusta, Ga., April 21st, 1886.

Messrs. Sam. D. Johnson & Co. have rented the room in Odd Fellows' Temple, formerly occupied by Mr. Thomas Rodman, jr., two doors below their present stand, and will move in the first of June. The change was made necessary by their rapidly increasing business.

Miss Mary S., the charming and accomplished daughter of Mrs. M. M. White, of Woodford county, and Mr. George H. Carey, of St. Louis, Mo., were married at the Presbyterian Church, in Versailles, on Thursday, Rev. G. H. Rout, D. D., performing the ceremony. Mr. Carey has won a prize that any man may well be proud of. We tender our sincerest congratulations to the young couple.

The sidewalk on Second street, between Conway and the Public School Building, is in bad repair and needs attention at once.

Messrs. Holmes & Halloran were awarded the contract to furnish all the paper and stationery to be used by the State during the next fiscal year, they being the lowest and best bidders.

The indignant citizens of Henderson, Ky., hung Gov. Knott and Hon. I. A. Spalding, Railroad Commissioner, in effigy, on Saturday night of last week, for their action in respiting a murderer for thirty days.

Mr. Russell W. McRery, of this city, will be married, on June 1st, to Miss Jean McMahon, daughter Judge Martin McMahon, of Dayton, Ohio. The ceremony will take place at that city, after which the young couple will return to this city to reside.

Three convicts—one white and two colored—employed on the Louisville Southern Railroad, in Anderson county, made a break for liberty Monday morning. The white man was shot and captured but the negro men got into the woods and were afterwards captured.

Wednesday was a long day, being 14 hours and 22 minutes in length. The sun rose at 4:45 and set at 7:07. If a man's whole time could be spent in doing good for that many hours each day, what a vast amount of work for the Master would be the result. God's grace alone could enable any man to do this.

Little Lewis, youngest son of the late Lewis Sneed, while playing with a 41 calibre pistol Sunday night, accidentally shot himself through the left hand, the ball cutting across the palm, passing between the third and little finger and lodging under the skin of the back of the hand, where it was cut out. It is thought the hand will not be seriously injured.

We are requested by the merchants and business men of Main street, to ask what is the reason the Main street sewer is not being constructed? There is an urgent and pressing need for this work to be done quickly, before the summer heat shall make it dangerous. Numerous small sewers are waiting to be put in, and the parties are getting very impatient. Hurry up, Messrs. Contractors.

Wednesday morning, as Mr. W. C. Macklin was driving in his sulky on Main street, he stopped in front of Mastin Bros., and his horse, becoming restive, reared up and fell on his side, overturning the sulky and wallowing in the mud until Mr. Macklin and some other gentlemen who were standing by could free him from the harness. No damage was done beyond giving the horse a dirty coat.

Considerable excitement was created, on Main street, on Tuesday afternoon, by a horse belonging to Messrs. Mangan & Darnell running away. It was being driven to a brake-wagon by a colored man. The man succeeded in keeping the horse in the middle of the street and let him run until he got tired. No damage was done.

Ladies who wish to purchase a guaranteed silk dress, in all shades as well as quality, would do well to visit Mrs. Sol. Harris' establishment, as she will certainly astonish you in low prices of black gros grain, all silks, from 75 cents to \$1.75 per yard, worth 35 per cent more, every yard guaranteed or money refunded. This is no empty boast, but facts. You will say, how can she sell so much cheaper than any other house; because she has bought them at an imported auction sale during her visit in New York. The dress goods stock in her establishment is complete from a canvas cloth for five cents a yard to an imported plaid or serge; trimmings to match. You certainly must see the round hats and bonnets, and you will imagine you are at Madame Prince's, in New York, as they are imported and no copies. It is well worth the trouble to call and examine the stock of Chantilla, Medici, Torchon and Oval Laces, also Hosiery and the endless amount of all kinds of Trimming, as you will be well paid in the profusion of fine goods and novelties.

Sheriff's Notice.

The tax books for Franklin county are now in my hands, and all persons are notified to come forward and settle their taxes for the year 1887. The new revenue law requires me to collect and pay over the revenue to the State before the first day of September next, and all not paid by that time will have six per cent. and costs added as a penalty.

Meeting of the Frankfort Board of Trade Held at the Council Chamber, on Monday, May 16, 1887.

Judge Wm. Lindsay, Chairman of the committee appointed by the Board of Directors of the Frankfort Board of Trade, to negotiate with the gentlemen who claimed to own all the rights and franchises of the Paris, Georgetown & Frankfort R. R. Co., and to ascertain upon what terms the people could obtain control of said road, reported that after having had several conferences with W. P. D. Bush, F. F. Bush, S. F. J. Trabue, Ed. F. Trabue and others who composed the directory and claimed to own all the rights and franchises of said P. G. & F. R. R. Co., the committee being satisfied and assured that said parties did own or control certain profiles and surveys which would be of value in the construction of said road, determined to and did offer the said parties the sum of \$12,500 for said profiles, rights and franchises; said sum of \$12,500 to be paid out of funds to be raised by said corporation, and not out of any subscription, which proposition said parties accepted and have resigned from the directory, and have transferred and turned over all the books, surveys and franchises of said road to D. W. Lindsey, Jno. T. Buckley, E. L. Samuel, J. N. Miles, R. W. McClure, Wm. Lindsay and Frank Chinn, who now compose the directory of said P. G. & F. R. R. Co., and who now hold the property and franchises of said road for the use and benefit of the people of Frankfort and Franklin county. Judge Lindsay then stated that the plan of action proposed was to have the counties build the road by contracting directly with the contractors, and have no "go betweens"; and as each county subscribes, the county is to be admitted to representation in the Board of Directors of said road.

Mr. McDonald moved that the action of the committee be approved and the committee discharged, which was adopted.

Mr. McClure moved that the Board of Trade return thanks to the committee for the able and efficient manner in which they have performed their duty, which was heartily indorsed by all those present.

Mr. McDonald moved that the organization of the P. G. & F. R. R. Co., as reported by the committee be approved, which was carried.

Judge Lindsay stated that it would be very difficult for the directors of this road to do anything in this matter without the co-operation of the people of the county, and that the corporation must have the active assistance of the Board of Trade, and that the Board of Trade must take the initiative in the matter of having the magistrates called together, and in getting the Board of Magistrates to submit to the voters of the county a proposition to have the county subscribe stock in this road; said proposition to be made as coming from the Board of Trade representing the people of the city and county, and not from any corporation.

Mr. Rodman moved that the Board of Trade appoint a committee to wait upon the County Judge and request him to call together the Board of Magistrates for the purpose of having them submit to the voters of the county a proposition for the county to subscribe stock in the P. G. & F. R. R. Co., which was adopted, and the following named gentlemen appointed such committee, to-wit:

Jno. W. Rodman, W. L. Collins, S. R. Smith, W. L. Pence, W. H. Lewis, H. Berry, Col. J. Stoddard Johnston, James Sower, Dr. Wallace, R. K. McClure, J. P. Starks, Wm. Lutkemier, Jno. W. Gaines, Wm. Cromwell, Mike Collins, Thos. Rodman, Sr., Grant Green, S. Luscher, L. Mangan,

as J. G. Brawner, Ike Wingate, H. H. Watson, E. Power, Eb. Gaines, D. L. Haly, Richard Morris, Capt. Milam, Jno. Meagher, M. P. Gray, Col. E. H. Taylor Jr., Dr. E. E. Hume, Joe Robinson, Geo. L. Payne, R. D. Armstrong, J. W. Jenkins, W. H. Murray.

Mr. Payne moved that the hour of meeting be changed to eight o'clock during the summer months; adopted.

Mr. Buckley moved that the meeting adjourn until next Monday at eight o'clock; adopted.

NATIONAL HEADQUARTERS, }
GRAND ARMY OF THE REPUBLIC. }
GENERAL ORDERS, No. 11.
MADISON, Wis., April 15, 1887.

Nineteen years ago the then Commander-in-Chief of the Grand Army of the Republic, in General Orders, set apart the 30th day of May and suggested that it be consecrated to the memory of the fallen soldiers of the Nation.

This being the first Memorial Day occurring since his death, the Commander-in-Chief asks that the eloquent and appropriate words of General Orders No. 11, 1868, uttered by that illustrious soldier and beloved comrade John A. Logan be again taken as inspiration and guidance for the 30th day of May, 1887.

'HEADQUARTERS
GRAND ARMY OF THE REPUBLIC.'

'GENERAL ORDERS, No. 11.'

'WASHINGTON, D. C., May 5, '68.'

'1. The 30th day of May, 1868, is designated for the purpose of strewing with flowers or otherwise decorating the graves of comrades who died in defense of their country during the late rebellion, and whose bodies now lie in almost every city, village and hamlet churchyard in the land. In this observance no form of ceremony is prescribed, but posts and comrades will in their own way arrange such fitting services and testimonials of respect as circumstances may permit.'

'We are organized, comrades, as our Regulations tell us, for the purpose, among other things, 'of preserving and strengthening those kind and fraternal feelings which have bound together the soldiers, sailors and marines who united to suppress the late rebellion.' What can aid more to assure this result than cherishing tenderly the memory of our late heroic dead, who made their breasts a barricade between our country and its foes? Their soldier lives were the reveille of freedom to a race in chains, and their death the tattoo of rebellious tyranny in arms. We should guard their graves with sacred vigilance. All that the consecrated wealth and taste of the nation can add to their adornment and security is but a fitting tribute to the memory of her slain defenders. Let no wanton foot tread rudely on such hallowed grounds. Let pleasant paths invite the coming and going of reverent visitors and fond mourners. Let no vandalism of avarice or neglect, no ravages of time testify to the present or to the coming generations that we have forgotten as a people the cost of a free and undivided republic.'

'If other eyes grow dull and other hands slack, and other hearts cold in the solemn trust, ours shall keep it well as long as the light and warmth of life remain to us.'

'Let us, then, at the time appointed, gather around their sacred remains and garland the passionless mounds above them with the choicest flowers of spring-time; let us raise above them the dear old flag they saved from dishonor; let us in this solemn presence renew our pledges to aid and assist those whom they have left among us as a sacred charge upon a nation's gratitude—the soldier's and sailor's widow and orphan.'

'2. It is the purpose of the Commander-in-Chief to inaugurate this observance with the hope

that it will be kept up from year to year, while a survivor of the war remains to honor the memory of his departed comrades.

'He earnestly desires the public press to call attention to this Order, and lend its friendly aid in bringing it to the notice of comrades in all parts of the country in time for simultaneous compliance therewith.'

'3. Department Commanders will use every effort to make this Order effective.'

'By command of
"JOHN A. LOGAN,
"Commander-in-Chief.
"N. P. CHIPMAN,
"Adjutant General."

By command of
LUCIUS FAIRCHILD,
Commander-in-Chief.
E. B. GRAY,
Adjutant General.

Pursuant to this order Albert G. Bacon Post will, on the 30th of this month, decorate the graves of our deceased comrades. Every soldier who has been honorably discharged is cordially invited to assist. The ladies of Frankfort and vicinity are solicited to furnish flowers and help to make the occasion a fitting tribute to the memory of our dead defenders. The Odd Fellows' Hall will be the place for the reception of flowers. They should be sent in between 10 a. m. and 2 p. m.

By order of Commander,
A. B. NORWOOD.
V. BERBERICH,
Adjutant.

Frankfort's sons can always be counted upon to do the right thing in the right way when anything like a fair chance is given them. The following extract shows what former Frankfort boys have done for one of her former citizens and sons, whom all delight to honor. How proudly grateful Judge Harlan must feel that God has blessed him with such sons. Here is the extract:

The three boys of Justice John M. Harlan have presented that gentleman with a comfortable home in Washington City. Judge Harlan had become involved pecuniarily by endorsement for friends before his appointment to the Supreme Bench, and his fortune was swept away by these endorsements. He has three noble boys, who determined to prepare a home for the father and mother in Washington. Judge Harlan bought a lot and erected a house for the Judge and his family, as a token of their affection for them. It is a source of higher pleasure to be the father of such a lot of boys than to own a dozen palaces in Washington.

The building of the Colored Normal School was awarded, by the Commissioners, on Tuesday last, to Messrs. Cryer, Minor & Finnell, of this city, for \$5,765, being the lowest and best bid. The work will commence at once, and will be pushed rapidly forward until completed. Every one who knows these gentlemen will agree with us when we say that the work will be honestly and faithfully executed.

The City Council having declined to purchase a fire alarm system, our hopes of lowering the rates of insurance have "gone where the woodbine twineth." We do not like to appear as kickers, but we doubt the wisdom of our City Fathers in this matter.

Wm. Salyers, the colored man who was arrested and charged with stealing a fishing reel from Dr. W. B. Dawson, waived an examination and was committed to jail to await the action of the grand jury at the next term of the Circuit Court.

See advertisement of lime for sale.

The painting on the Catholic Church spire is about complete, and the scaffolding is being taken down.

The repairs to the mitre sill of the lock at this place having been completed, the boats are now running regularly to our wharves.

Three convicts made a break for liberty on the Louisville Southern Railway on Tuesday. One was killed and the others recaptured.

We would call attention to the advertisement of Wm. Cromwell, Esq., agent, offering a desirable dwelling and store-room for sale.

The Branch Penitentiary at Ed-dyville is fast approaching completion, and will have cost the State in the neighborhood of \$600,000.

The main water pipe in the bottom of the river burst on Tuesday night last. The great importance and indispensable necessity for the pipe on the bridge is now again demonstrated.

Little Monroe, son of Gen. and Mrs. T. H. Taylor, of Louisville, died in that city, of scarlet fever, on Friday last, and was brought to this city and buried on Saturday morning.

Congleton Bros. have purchased the ground upon which the old Hatchitt & Zeigler saw-mill stood, and contemplate putting up a new mill some time during the summer. Price paid \$2,500.

Messrs. Nat. I. McDaniel and Wm. T. Gaines have formed a partnership and entered into the coal business. They are first-rate clever fellows and should have a fair share of trade.

In order to facilitate business with their numerous customers, the Mason-Foord Company have opened an office in the Duvall Building, on St. Clair street, over the store of Messrs. O. R. Crutcher & Co.

Messrs. Sam. D. Johnson & Co. had their second opening of bonnets, millinery, &c., on Wednesday last, and the success of the day was very gratifying to them. They are progressive and energetic young merchants, and we are glad to note their success.

The ladies of the First Presbyterian Church will give a Strawberry Festival on Tuesday next, the 24th instant, in the parlors of their church. These ladies always know how to get up a good entertainment, and should receive a liberal patronage.

The price of admission will be 10 cents. Regular supper of substantial, 50 cents; strawberries, cake and ices, 25 cents.

Saved His Life.

Mr. D. I. Wilcoxson, of Horse Cave, Ky., says he was, for many years, afflicted with Phthisis, also Diabetes; the pains were almost unendurable and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from first bottle and after taking six bottles, was entirely cured and had gained in flesh eighteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters, sold at fifty cents a bottle by Jos. LeCompte.

Editor *Kentuckian*:
DEAR SIR:—There appeared in your paper of May 14th the following editorial notice of myself:

"Jas. Andrew Scott, Esq., candidate for Representative, wants his friends to understand that he has not been invited by his competitor, Dr. Duvall, to attend his appointments to address the people, and, therefore, will not hereafter be present at any of them. He will, as soon as court adjourns, make appointments of his own and present his claims for the nomination. He states that Dr. Duvall has refused to divide time with him, and has denied his right to speak at the people's appointments, but he says that he will especially invite the doctor to attend when he addresses the people."

In reply to this paragraph I have this to say: I have not invited Mr. James Andrew Scott to attend my appointments, but he did so on two occasions. My first appointment was at Farrington (O'Connell's store), Saturday, April 9th. On arriving at the store I found that Mr. Scott had gotten there before me. After waiting some time for me to begin speaking, he came to me and asked if I would divide time with him, though we had been talking together for more than an hour before. I said no, you have already been making an active canvass; you have seen my appointments for the last ten days; you have met me on the streets of Frankfort daily; you know where my residence is, and this is late for you to ask for a division of time. If you had made this request at a proper time, or before coming here, I would have been too glad to have divided with you. As I do not consider your course as just to me, I decline to have a joint discussion with you on this occasion. But you can do as you please hereafter. After I had made my speech, he got up and stated to the audience that I had declined to divide time with him, without giving them my reasons, but remarked that he had the right to make his own appointments, and that he would make one then, and went on to make his speech. I leave honorable people, of all parties, to draw their own conclusions. He then, without asking if I think a gentleman should have done so, proceeded to speak at Bailey's Mill, preceded me there. I spoke to him, talked with friends, made my speech when the time came. When I was through, he got up and spoke. When he finished I said to him and to the crowd, "that if Mr. Scott, by dogging me on my appointments, thought he would bully or intimidate me, he was making a big mistake." He made no reply, but, on reaching Frankfort, told Judge Craddock that I made demonstrations to draw weapons on him. I did nothing of the kind, and have every one present know. I did not have my hand near my person; and, if he made such a statement, it is false.

He also stated to the President of the Natural Gas and Heating Company that I had denounced the company and pitched into corporations generally. The truth is, at Farrington, I said that the people would trust him as their representative, he would do all he could against corporations and monopoly, etc., notwithstanding the efforts of the people made by attorneys at our last Legislature in the interest of capitalists. Knowing that he is one of the incorporators of this gas company, I intended my remarks to be a distinction between corporations and other capitalist institutions, whose incorporation has this advantage: They can put their stock in the hands of the subscribers, when not a dollar of individual property would be liable for the company's debts, and my opinion is that no corporation should be allowed to commence business until the capital stock is paid. So you see he has misrepresented this matter to Mr. Ed. P. Bryan, who is my author, for stating that I denounced this corporation.

He says to the people "trust me, I am honest and truthful, I wish to be endorsed and vindicated by the people sending me to the Legislature." Now tell me, good people, what public trust he has ever held to require endorsement?

And what has he done that he should desire vindication or endorsement; my people have already trusted me, and have found no fault with my public course, and I only ask to serve them in the future as in the past.

He tells the people that he was born a poor farmer's son, but I understand that, when his father died, at a good old age, he was anything but a poor farmer. In answer to this, let me say there is not a man in this county who was born poorer than I, and who has been true to this moment to his birthright of poverty.

In conclusion, I have this to say: I will not meet him at his appointments. I cannot see how he can have so little independence as to ask or expect such a thing, after putting me in the form of an editorial, not having manners or courage to state his grievances against me over his own signature, but skulks behind the cloak of the *Kentuckian*, and thus making Mr. Lewis responsible for what it states.

I denied his right to speak at my appointments, but he said so when he knew full well that, by so doing in a proper manner towards me, all could have been gained aright, and I would have been glad to have him at any time.

He now asks me to meet him at his appointments. If I was disposed to do so he knows full well that putting off these appointments until this late day makes it impossible for me to leave my practice so constantly and at night.

He declares, on all occasions, that he will beat me back in the race. He made the same declaration when he made the race against Judge Thomson for County Judge.

He tells the people that he is a true

Democrat, in every instance, but has not explained to the people how he came to make speeches and vote for Judge Ford, when the Judge himself was supporting Capt. Blackburn, the regular nominee. His sin was not in voting for the Judge, but in deserting his party when Judge Ford had not asked it of him.

B. F. DUVALL.

FRANKFORT, Ky., April 26, 1887.
Editor *Argus*:
It has been stated that Mr. Jas. A. Scott made speeches and voted for Judge Ford for Congress against Capt. Blackburn, who was the regular Democratic nominee. Did he do this? Let him answer.
DEMOCRAT.

Flag Fork.

A late waterspout fell at Sand-riffle, washing corn and soil into the creek.

Mrs. Harrod, mother of the late William Harrod, is slowly recovering from the measles.

Thanks to Mr. Hugh Burns, postmaster at Harp, for his untiring zeal in soliciting for the *ROUNDAABOUT*.

Mr. Ben. Balf says: "Never in my experience as a farmer have I seen such a rapid growth of vigorous tobacco plants and rabid politicians."

The nice, rosy lips of our pretty girls never once moved during the sermon, and now our merchants are down in the mouth because the girls don't buy gum to use in church.

Mrs. John Penn, on her return from a visit to Sweet Home, found her pet cat with a new family of kittens and a hen with her new family of chickens, living in maternal amity in a half-bushel measure.

You remember Mr. James Harp offered a reward of \$50 to the chivalier who would brave an interview with the ghost, which had long haunted his house. His youngest son has just grabbed the ghost by the tail in the shape of a shy white cat in the garret, and now the pit-a-pit delusion which threw the whole district into convulsions happily ends forever.

Our milkmaids are in serious session, holding council of war against "Rattler," who is one of the most consummate milk fiends in existence. When Rattler enters a milk house and finds the covers difficult to remove without noise, he gently picks up the vessel and carries it out to some neutral ground while the enemy is asleep, and where the empty vessels are often found. Mr. J. W. Rogers is monstrous proud of his pup.

The groceryman lay with his breast on the counter, with mouth spread from ear to ear, while the customers were strewn around on barrels and boxes. At length their conversation turned on weaning calves. "Gentlemen," said Judge D. Bailey, on taking the floor, "when political suckers once get a grip on the public teat, they are apt to freeze to it for life. Their grip is so tenacious that they feel like sucking the marrow out of the State, and they will do it if you give them time."

"Where is the road here?" I asked of a friendly African who was preparing to wade through the pool between two high walls, yet eyeing his prisoner as she lay flapping on the rocks. "Right heah, boss, him not deep." "Do the stars ever grate against the tops of these high walls in passing over?" I asked him. "Gway, chil! great Lord, I see 'em flow de rocks into de aih, and flop down into dis heah pool like a bull-frog." "But what are you going to do with that old hen?" I asked again. "Why, boss, you see dat all my chillen hab de rheumatics, and de doctah say dat chicken soup will bust 'em all to hell. I knows it will, boss, and knows it will."

A very heavy thunder storm, accompanied by a high wind, visited our city, on Tuesday evening at 7 o'clock. No serious damage resulted.

Among the Colored Citizens.

BY PEPPIE FOD.

To the Editor and Many Readers of the *Roundabout*:
I come before you as proxy for G. H. B., and we will tell you of something we have never seen till we arrived in the beautiful city between the hills.

We have seen men hung, men sent to the penitentiary, men in jail, men whipped, men on the streets breaking rock. We have seen women sent to prison, have seen them shut up in the work-house, but never saw any city disgraced with a woman sitting on the public streets astraddle of a rock pile, with a chain on her leg big enough to hold Jumbo. Why is this? Is it because the work-house can not hold them, or is it because Frankfort desires to show to the world that she has no conscientious scruples in regard to inflicting city punishment as to the sexes? It looks bad enough to see a woman in the work-house breaking rock, but it is a shame and disgrace to see them sitting astraddle a rock pile on the streets, with a great big lock chain on their legs for bracelets.

But some one may ask why are our sons and daughters, yes, and fathers, so often arrested and carried before his honor, Judge Sneed? We answer, first, because fathers visit those drinking hells, and allow their children to do as they please. Parents, bring your children up in the way that you would have them go, or as the Lord has commanded you to do. There are 956 children of school age in Frankfort, and about 300 of them attend the Sunday-schools, 656 left to roam the street, pilfer and hang around places of vice and immorality.

Parents, God will require you to answer, in the judgment, for the way you allow children to roam about through the world in ignorance, idleness and vice.

There is great interest being manifested in the State Normal School, to be erected here in a few weeks or months. The great question that should concern the colored people of Kentucky is what kind of men should be put at the head of that institution? Should it be men who do not believe in the divinity of the Lord Jesus Christ, and in whose hands the youth of the State might be led off into scepticism or infidelity, or men who are so immoral that the girls who may attend the institution would not be safe in their hands? We ask these questions first, because one of the men who has applied for the principalship of said institute does not believe in the divinity of the Lord Jesus Christ; and secondly, because another, Wm. J. Simmons, President of the Baptist University at Louisville, Ky., is soon to be tried, according to the Cincinnati Enquirer, for the awful crime of seducing some of the girls of his schools. We are confident that the Board will not knowingly appoint such men as they are. They are anxious to put the very best men at the head of the Normal School.

Personals—Rev. R. H. C. Mitchell was called to Danville, Ky., by telegram to see his brother, who is dying. He left on the 10 o'clock train Wednesday, the 18th inst.

Mrs. Duncan, of Lexington, is visiting her sisters at this place, Mrs. Bettie Pettie and Miss Sally Willis.

Prof. D. W. Culp, a graduate of Middle University and Princeton Theological Seminary, was in our city this week. He visited our school, and spoke very highly of it. While we do not think there is much chance for us to get him, we think that he would fill the bill in every respect for a professor in our Normal School.

The ladies' social will meet at Miss Ellen McKee's, Saturday night.

Died.—Harrison Lee, son of

Ross Lee, died Monday night. Was buried from Bethel Baptist Church. Service was conducted by Rev. M. Madison.

Tuesday evening, May 17th, died Robert H. S. Hockaday, infant son of Mr. and Mrs. Gipsen Hockaday, age 1 year and 1 month.

Married.—Mr. Rodger Monday to Miss Elvira Moss, on Wednesday evening at the bride's residence, by Rev. G. H. Burks.

Forks of Elkhorn.

Born, to the wife of Mr. Sam. Mitchell, on Friday night of last week, a son.

Miss Mamie Gallihue is visiting her grandmother, Mrs. Stone, near White Sulphur.

Mr. William Ireland and family visited relatives in Scott county last Wednesday.

Misses Jennie Macklin and Jennie Goddard, of Georgetown Seminary, spent last Saturday and Sunday here at home.

Mrs. Elizabeth Macklin and daughter, Miss Bettie, of Georgetown, are visiting Mrs. Burt Blackburn, near Woodlake.

Misses Lulie and Anna B. Cohorn, and Mr. Lee Jones at tended services at Pleasant Ridge Church last Sunday morning.

Miss Anna B. Cohorn has returned to take charge of her school at Stoney Creek. Miss Anna has a fine school there, and we wish her success.

Messrs. H. Stedman & Bro. are making some improvements at their woolen mills by building an addition, and some other changes, which will enable them to turn out better work and more of it than ever before.

We had the pleasure of attending services last Sunday at Pleasant Ridge Church. Bro. Peters preached one of his good old fashioned sermons, from John 3:14, and at the close had one addition. We went home with Bro. Witt and his fair daughter, and there met his good wife and several friends and relatives of the family. We spent an hour in the afternoon at Bro. Witt's Mission Sunday-school. Met several friends, and among them Bro. J. M. Wakefield, who cordially invited us to go home with him, which invitation we accepted. We attended services at Frankfort at night, and listened to a fine discourse by Bro. H. M. Warton, of Baltimore, Md., text "God is love."

Pea Ridge.

Bro. Roberts preached here last Sunday, and will preach next Sunday, at 11 o'clock, same place.

Mr. Joe Tracy is the champion traveler of the Ridge, having visited nearly every village in the county during the last few weeks.

Speaking.

Our Sunday-school, which was organized last Sunday week by Dr. Williams, is increasing in membership, and made their report to the Kentucky Sunday-school Union.

Delegates to the State Sunday-school Convention will be elected so that our friends, both home and abroad, will have the pleasure of knowing that we shall hold our place in the line with other schools in the county.

Work is progressing on our new turnpike at both ends. Rumor had it that convicts was to be employed in grading—it was a mistake. Our Board is composed of men who will never risk the lives of our families by bringing convicts here. Their labor is not cheap, if they work for nothing, because our men would have to quit work, lay in some ammunition, and stay home to guard their families.

Ex convict Vonderhide was

hung for murder, in Shelby county, committed one day after his escape. Two more were pursued and killed by the sheriff, near Lexington, two years ago, after killing one of the deputies. Then that dreadful murder in Louisville in which an ex-convict took part. No, it is not safe to bring convicts here. The Warden's last reports show 150 escapes. (Page 8).

Mr. Milton Tracy and Mr. James Tracy attended the funeral of their sister, Mrs. Parmele Quire, at Sulphur Spring, last Saturday. They were accompanied by Mrs. and Miss Ann Tracy.

Correspondents please select a name for your neighborhood and stand by it. Don't change. Where is "Shake Rag?" We all like to see an old friend in a new dress, but would not like him so well if he got a new name.

In appropriating for the new turnpikes, the Magistrates put in a proviso that convict labor was not to be used on them.—*Clark County Democrat*.

This is a step in the right direction, and does honor to the people of Clark who elected officers that believe citizens are better than animals.

If there was any profit or advantage in working convicts in competition with free labor, would not those counties who send most convicts to the penitentiary demand a fair share of the profit?

The N. Y. Herald says: "Use Alaska for a penal colony. Send all the convicts in the States there." Correct, as far as it goes, but it don't go far enough. The northern part should be reserved for those who favor convict labor.

Those two merry prophets of Flag Fork, who said "men will be glad to work for board in 1888," deserve a medal for their cheering prophecy, as it places us all on an equality with Vanderbilt, A. T. Stewart and J. J. Astor. That's all they got for their life-long work.

The ladies of the Ridge have been expecting a Ladies Column for months. It was promised them. Why don't some of the ladies of the county write? They know what is wanted; they have the knowledge and ability, and the editor has kindly offered space. Please write and make the Ladies Column the best in the paper.

Unless a Ladies Column appears next week, Pea Ridge will attend to it and make it an authority on all matters pertaining to society, fashion, etiquette and dress from the garden of Eden costume to the latest design from Paris (Ky). Crochet, lace, embroidery, wax-work, shell-work, and all the new fancy stitches, designs, &c., will be noticed and explained. So now, ladies, get out your yarns, silk, needles, paints and satins, and read in next week's *ROUNDAABOUT* "what I know about fancy work."

The Best Method.

The most agreeable as well as the most effective method of dispelling Headaches, Colds and Fevers or cleansing the system is by taking a few doses of the pleasant California liquid fruit remedy, Syrup of Figs. It acts gently yet effectively, strengthening the organs on which it acts, so that regular habits may be formed. Manufactured only by the California Fig Syrup Co., San Francisco, Cal. FRANKFORT ROUNDABOUT.

Sudduth's Springs.

We will pay our respects to the Snipesville dude in our next.

King David has had one or more chances to catch the measles. If he should take them it would be an immense case.

Gen. Bannon Sudduth puts on more style than anybody about here. Why he is so grand that he keeps a man to do his cooking.

Geo. Bryant has had his premises all painted, which gives a cheerful appearance to the surroundings and looks mighty pretty.

There is an advertisement in the Wakefield School-house which reads "Burge Moore wants to marry." We reproduce it in order that the girls may take notice.

Mrs. Quire, relict of the late Jas. Quire, died on Friday morning, and was buried on Saturday. Her funeral was conducted by Rev. Mr. Peters, and was largely attended.

Kiser Bryant is running both the toll-gate and an immense grocery on the St. John's turnpike. Colored William is of the opinion that it is too much business for Kiser and suggests a divide.

Colored William has had his name changed. He is now known by the tender sobriquet of "the dear", while Ellick's, the smasher, has been changed to "the bear". Pretty names and pretty boys.

Gen. O'Bannon Sudduth has erected a very commodious storehouse at this famous watering place, which will soon be filled with a large stock of staple and fancy dry goods and groceries, with O'Bannon's smiling face behind the counter. This will be a grand resort for old maids and widows.

It gives a very few of us out here pleasure to see that there is now a fine prospect for another R. R. through our county. Francis Goins and myself are its only advocates, but we hope to have a few converts soon. It will be a grand affair when completed. When we once get there, all will be for it. It certainly will make times better while it is under construction.

SIFAX.

Twenty-one years ago John Flynn, aged thirty five years, shut himself up at home with a sister, Mrs. Donahue, in Marquette, Mich., and was forgotten. Nine years ago Lawrence Donahue, son of Flynn's sister disappeared. Apparently some mystery was connected with the house, which had been closed, and the curtains down for years, although occupied by Mrs. Donahue. Last week the City Marshal forced an entrance and found Flynn, who had not been out for years, and learned that Lawrence Donahue was hidden in the same house, although he could not be found. The man refused to divulge his hiding place. The woman claimed the old man had been in the house twenty years, and her son Lawrence had not stepped outside the door for nine years. The old man fought desperately, but was taken to the poor-house. He was a pitiable looking object. No reason was given for the strange action of the two men and the woman.—Exchange.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at Jos. LeCompte's Drug Store, Large Bottles \$1.

To the Old Line Democracy of Franklin County.

Believing that the people of Franklin county desired the services of a man of talent in the Legislature, I announced myself a candidate subject to the action of the Democratic party. But, alas! I find that I was mistaken. A man of my ability is not wanted though he is badly needed. Having found that the people don't want a good man when they find him, I have concluded to let them go to the devil their own way and hereby announce my withdrawal from the race. In addition to the fact that I have no chance to win, my business arrangements are such as to preclude me from longer remaining a candidate. Besides my health is bad. But I want it distinctly understood that the lack of votes is the principal reason I refuse to serve the people, as I hate to deceive anybody. The people will heartily regret their failure to elect me and will yet rise up and howl for me to lift them out of the "rut" they have gotten into, but they will howl in vain.

C. M. HAWKINS.

May 14, 1887.

Mr. Wm. S. Morrison, of this city, and Mrs. Fannie E. McPherson, of Louisville, were married Sunday afternoon at 5 o'clock, at the residence of Mrs. Noah Lloyd, No. 220 Clay street, Louisville. The wedding was strictly private. No cards. The groom is well known in this city as the business manager and cashier of the News, and is not only a gentleman of fine personal appearance, but universally popular. The bride was a resident of this city several years ago, and is a lady of accomplishments and unusual beauty. She is a daughter of the Reddish family, Frankfort, Ky. Both parties are well connected, and their lives will undoubtedly flow in perennial congeniality. The News wishes the bride and groom bright skies and undisturbed enjoyment of conjugal bliss.—Jeffersonville (Ind.) News, May 17.

Louisville Tobacco Market.

PUBLISHED BY GLOVER & DUBRETT, PROPRIETORS LOUISVILLE TOBACCO WAREHOUSE.

The sales on our market for the week just closed amount to 2,239 hds., with receipts for the same period of 2,387 hds. Sales since January 1st amount to 45,428 hds.

Our market has shown more activity this week on burley tobacco than at any time during the year. The advance has been very material on all grades, but the greatest advance has been on medium to good filley leaf. The market seems to be on the verge of a little "boom."

The following quotations fairly represent our market for New Burley:
